

Canteen

The canteen is a service that the school offers to all families who need their children to be attended during lunchtime, understanding this service, apart from a space to eat, as a complement to the educational activity, a space where we work for the integral education of our students at cultural, social and leisure time.

BMSC canteen established in 2019. The canteen is big and could accommodate many students at a time. Beside the canteen BMSC has a mosque and in front of the canteen roof top gardening enhance the beauty of the canteen.
